PROBLEM STATEMENT

- In today's digital era, students and professionals need a strong online presence.
- A traditional resume cannot showcase skills, certificates, and projects effectively.
- Recruiters find it hard to verify and analyze achievements from text-only resume.
Project Overview

- Developed a Portfolio Website using HTML, CSS, and JavaScript.

- Includes all career-related details in a structured layout.

- Designed with a clean user interface and responsive design for all devices.

- Added Dark/Light Mode for better accessibility.

- Hosted online so that it is accessible anytime, anywhere.

End Users

Students & Freshers

Learn portfolio creation, showcase academic achievements.

Recruiter/HR Professionals

Quickly understand candidate profile, skills, and projects.

Peers & Professionals

For collaboration and networking.

Self-use

As a personal branding tool for career growth.
